SOURCE Prace.WEATHER REPORTS AND FORECASTS FOR CZECHOSLOVAKIA, 18 - 30 MARCH 1952

18 March

Partly clear with scattered cloudiness; considerable cloudiness in the northern border regions. Morning temperatures 1 - 2 degrees below zero /all temperatures centigrade/, rising to around plus 10 degrees during the afternoon. Slight wind. Tomorrow, continued fair.

19 March

Partly clear with increasing cloudiness locally. Occasional light snow flurries in the mountains. Night temperatures minus 3 to minus 5 degrees; afternoon temperatures around 3 degrees above. Light east wind. Tomorrow, increased night frost.

20 March

Increasing cloudiness in Bohemia from the southwest; chance of light rain or sleet in southern or southwesterly Bohemia later in the day. Almost clear over the remaining territory. Night temperatures minus 5 to minus 8 degrees, rising to 8 degrees above in the afternoon. Light southwesterly wind. Tomorrow, continued improvement.

21 March

Mostly cloudy with occasional sleet or rain. Night temperatures in Bohemia around freezing, afternoon temperatures plus 3 degrees to plus 5 degrees. Light southerly wind.

STAT

22 March

Remaining cloudy in the southern parts of the country, with scattered snow flurries. Night temperatures falling to zero, rising to 4 degrees above during the afternoon. Overcast over the remaining territory. Somewhat clearer in the north, where temperatures will fall to minus 2 degrees. In the northeast will fall as low as minus 6 degrees and will rise to 2 to 3 degrees above during the day. Slight northerly wind. Tomorrow, cloudy and somewhat warmer during the day.

23 March

Continued local rain during the night; mostly overcast during the day, with showers. Snow toward evening. Night temperature around 5 degrees above zero; 6 degrees above during the day. Mild northwesterly wind. Tomorrow, cloudy with snow flurries and turning colder.

25 March

Mostly overcast, partial local clearing during the day, with only scattered showers. Night temperatures around 5 degrees above zero, rising to plus 7 to plus 9 during the afternoon. Little, if any, wind. Tomorrow, continued showers and somewhat colder.

26 March

Overcast during the day with occasional sleet, turning to snow at higher altitudes. Partial clearing later in the day from the north. Morning temperatures slightly above zero; afternoon around 3 degrees above. Mild northeasterly wind. Tomorrow, scattered showers with increasing cloudiness and colder.

27 March

The cold front from the north will bring considerable cloudiness during the morning, with snow; partial clearing later in the day. Morning temperatures around 5 degrees below; minus 2 degrees in the south, rising to zero during the afternoon. Mild to brisk northwesterly wind. Tomorrow, sharper night frost, with increased cloudiness during the day.

28 March

Decreasing cloudiness at night with morning temperatures falling to between minus 5 and minus 7 degrees, occasionally as low as minus 10 degrees. Slightly cloudy during the day, with temperatures rising to minus 2 degrees and to zero in scattered localities. Light northeasterly wind. Tomorrow, continued cold.

29 March

Overcast with snow, turning to sleet later in the day. Occasional rain in southern parts of the country. Night temperatures around minus 3 degrees; afternoon temperatures around freezing in the north, rising to plus 3 degrees in the south. Mild to fresh easterly wind. Inclement weather to continue tomorrow, with chance of warmer temperatures.
